Thermo -forming &

Want dimension? You got it. Through the magic of thermoforming, we can coax our material into all sorts of bendy, twisty, curvilinear forms

Adhesives

We put our hearts into making every inch of our material drop-dead gorgeous and the same goes for our adhesives. Perfectly matched to every color in Durasein's material library, our adhesives create seams without a trace, offer the long-lasting performance you need to comply with our warranty, and are low-VOC and GREENGUARD Gold certified.

With our solid surface, seams are as close to invisible as humanly possible! Eliminating seams makes our surfaces visually monolithic and eradicates any nooks or crannies where crumbs, dirt, and bacteria can hide.

D.Lab

The unbelievable made real

This is our place for the incredibly innovative. Our experimental haven for daring designers and dreamers. Where we cut through rigidity to help creativity flow—spreading joy, talent and beauty.

Looking for a cool custom piece? Want to make magic with our material? D.Lab is where we push the limits of creativity and make the impossible, well, possible.

So let's bring those ideas in your head to life. Join us to learn from other legends, get inspired, and team up. And turn your craziest ideas into reality.

Find out more about what's going on in the Lab at <https://durasein.com/uk/>

D.Lab x Patternine

Totally entrancing. Magnifyingly mathematical. And equally inviting to see and touch. The Durasein x Patternine collaboration brings line to life, letting us flex our fabrication muscles to show you just how incredible—and dimensional—our solid surface material can be.

Partnering for our latest collection with acclaimed designer Craig Woehrle, founder of Patternine, has been nothing short of thrilling. By CNC-machining Woehrle's algorithm-driven designs into our material, we've created a tangible expression of parametric design.

Let's make something amazing

Healthcare

Comfort, safety, and convenience are critical when it comes to our work in healthcare.

Workplace

Creative, collaborative or considered—we fit the style and purpose of your workplace whatever it might be.

Hospitality

Simple, stylish, and sophisticated. We're suited for the best in class.

Residential

Your home is your castle. And your wish is our command. Just what you want—a little extra every step of the way.

Education

From the calm to the hectic. We're helping create the right environment for tomorrow's minds today.

Retail

We work to always add to the customer experience. From start to finish.

Explore, share, & collaborate

One look at our stunning solid surface, and you'll want to sample it, so we've made it easy. Just search for Durasein on Material Bank or Swatchbox, and they'll ship free samples to your door. You can also find specs and data for US products in the Durasein BIM library at BIMsmith

Elevate your expertise

Dive into our CEU Learning Hub! in an effort to fulfill our purpose of helping designers do the best work of their lives, it's important that we keep pushing the limits of creativity, service and material innovation as well as provide the continuing education that you deserve in order to achieve your best work. All of our courses are conveniently hosted via our official partner CEU Events.

Find all our courses at ceuevents.com/durasein.
